154 Tices Lane  
East Brunswick  
New Jersey 08816  
USA

Phone: (732) 254-1530

A prime example of why made in the USA evokes such pride, its the quality and reliability that Drake stands behind. Function is key, their resin furniture is stronger than any competitors that have steel inserts, and they have posted the science to prove it. Static and weight tests nothing matches Drake's furniture.

It is the striking style and form that is so surprising, resin furniture that is elegant and beautiful? From the stacking lines like Elle and Tre3 to the folding Louis, Chateau and Fan Drake offers stunning resin furniture that will revolutionise the way you think of your office, rec room and yard.

Ultra light, ultra strong, 100% recyclable, low maintenance and long lasting furniture has never looked this good
